

VocalocityPBX | Conference Bridge

CONFERENCE BRIDGE

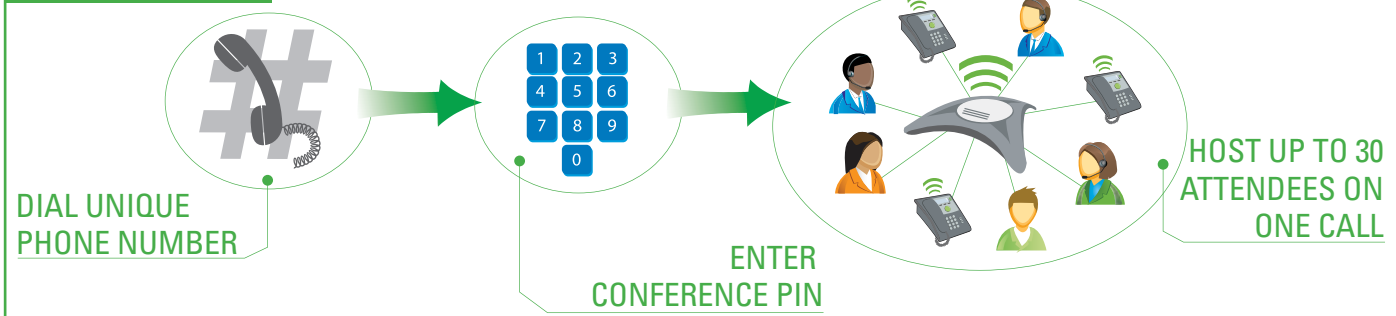

Vocalocity offers an audio conference service that allows you to hold conference calls for up to 30 participants. An easy to configure conference bridge that has a dedicated number and is password protected is a great addition to your hosted PBX. The conference bridge is part of your Vocalocity PBX, so all internal conferences are free, with no per minute fees. Easily set up conference bridges without having to plan ahead or use a 3rd party conferencing provider.

BENEFITS:

- Set up conference bridges easily and in no time
- Hold sales trainings, customer training, etc using your Vocalocity PBX without needing a 3rd party conferencing system
- Host up to 30 participants at one time
- Password protected that can easily and frequently be changed

PRICING: \$14.99 + \$0.03/min
